

House Reports Bill Carrying Refund Of Tax

Appropriations Committee Plans
to Rush Measure to Sen-
ate Within Week
\$150,000,000 FOR REFUNDS
Funds Are Set Aside for Com-
bating Bubonic Plague
in Southern Cities

Washington, D. C.—An emergency
deficiency bill carrying \$157,111,700,
was reported Monday by the house
appropriations committee with lead-
ers planning to rush it to the senate
within the week.
Of the amount, \$150,000,000 would
be available for the refund of illegal-
ly collected taxes, \$3,501,200 for con-
tinuation of work on dam No. 2 at
Muscle Shoals, Alabama; and \$8,000
for purchase of the capital stock of
the newly created inland waterways
corporation.

Other items included \$275,000 for
prevention of epidemic diseases, to be
used particularly in eradicating re-
ported bubonic plague among rats at
the port of New Orleans and Oak-
land, Calif., \$25,000 for eradication of
insect infection in national parks,
and \$19,500 for the expenses of the
Pueblo Lands board.

The measure also would provide
\$15,000 for the installation of addi-
tional fire protective devices at the
naval observatory, Washington, \$14-
,000 for expansion of messengers con-
veying the count of the electoral
vote to Washington, and \$7,800 for
additional personnel in the office of
the commandant of the coast guard.

OUTSIDE REGULAR BILLS

Items recommended in the bill
comprise those sums considered so
urgent that it would be unwise to
delay their enactment. They are in
addition to funds carried in regular
supply bills now pending which will
not be available until after next
July 1.

The committee report showed total
internal revenue receipts for the last
eight years, including the first quar-
ter of 1925 amounted to \$27,599,431-
245.56, exclusive of \$2,539,396,147
listed as assessments and collections
resulting from offices, audits and
investigations. Refunds over this
period including the 25 per cent
refund of 1923, were placed at \$404-
871,072.72.

Refunds were made to 253,320 tax-
payers in 1923, to 192,252 taxpayers
in the fiscal year 1924, and to 41,324
in the five months of the fiscal year
1925, exclusive however, of 2,576,664
refunds under the 25 per cent re-
duction in taxes.

The committee refused to appropri-
ate \$12,000 requested for refunds for
next year, preferring to make this
sum available as the money might
be required.

BLAINE HEADS OFFICIALS IN TAKING OATHS

Simple Ceremonies Mark As-
sumption of Office of Wis-
consin Chiefs

Madison—Wisconsin state officials
elected in November took their oath
of office at noon Monday in simple
ceremonies at the capitol.
With Governor John J. Blaine head-
ing the list, they were presented in
the assembly chamber before Chief
Justice A. J. Vinje of the supreme
court who administered the oaths. The
officers in addition to Governor Blaine
were Lieut. Governor Henry A. Huber,
Secretary of State Fred Zimmerman,
State Treasurer Solomon Levitan and
Attorney General Herman L. Eklund.
Mr. Huber was the only one taking
his office for the first time.
C. E. Shaffer, clerk of the assembly

which were followed by informal re-
ceptions in the respective offices of
the officials.

TREASURER OPENS OFFICE EVENINGS

As a matter of convenience to the

possible to visit the city treasurer's
office during the daytime, the office
will hereafter be open every Monday
evening in January, between the hours
of 7 and 8 o'clock, according to an an-
nouncement by Fred B. Bachman,
city treasurer.

Mr. Bachman also called attention
to the fact that dog taxes also are

Justice Urges People To Support Officials

By Associated Press
MADISON—Support of the consti-
tuted authorities was urged by A. J.
Vinje, chief justice of the supreme
court, in a short address at the in-
auguration in the assembly cham-
ber Monday of Wisconsin's five of-
ficials elected in November.
The officers were escorted in turn
to the speakers' stand shortly after
noon and took the oath of office, ad-
ministered singly by Justice Vinje.
After the brief talk of the chief jus-
tice in which he condemned "carping
criticism" of governmental leaders,
the officials were conducted to their
offices where informal receptions
were held.
Declaring that "we love our gov-
ernment," Justice Vinje declared
that the people should keep silent un-
less their criticism is constructive.
Calling attention to the oath which
the officials had just taken, he
pointed out that none had sworn to
discharge their duties perfectly or to

ALLIES AWAIT FINAL PLANS FOR CONCLAVE

Thorniest Problem Is America's
Share in Yield of Dawes
Plan

By Associated Press
Paris—Final arrangements for
Wednesday's conference of allied fi-
nance ministers are being made with
intense interest.
The chief ostensible aim of the con-
ference is to apportion the billion
gold marks in reparations received
from Germany, but the general im-
pression is that this business will be
overshadowed by what goes on in the
lobbies, and the words "inter-allied
debts" are on every lip.
Announcement of the appointment
as delegates of American Ambassa-
dors Kellogg and Herrick and James
A. Logan, the reparations commis-
sioner for the United States, has
served to strengthen public belief
that the debt problem will be a sub-
ject of unofficial conversations.
The thorniest problem is that of
the American share in the Dawes
plan yield. While France, Italy and
Belgium admit the United States has
a right in equity, if not in law, to
share in the proceeds, Great Britain
denies such right. At the same time
those allies which admit the Ameri-
can claim ask that their own per-
centages be not affected thereby.
Opening up an extremely important
question, namely the widening of the
scope of application of the Dawes
plan.

YOUTHFUL FORGER SENT TO PRISON FOR 2-YEAR TERM

Frank Boman Admits Passing
Three Bad Checks on
Merchants Here

Forging three checks for a total
amount of \$37.42 cost Frank Boman,
24 two years in the state reforma-
tory in Green Bay. The young man
was brought down here from Green
Bay Sunday morning by Chief George
T. Plum, Detective John Duval and
Officer Albert Deligan.
Three checks two for \$14.50 and
one for \$8.42 were cashed in Apple-
ton recently. All were made payable
to Arthur J. Schneider and signed
Charles J. Krueger, Detective Duval
learned the identity of Boman through
some of his correspondence. The
checks were cashed for Boman by
William Groth & Son, Harry Res-
mann and Frank Lynch.
Boman had been employed in Apple-
ton paper mills recently but was at
the time of his arrest employed in
Green Bay. His home is in Clark-
ston. When asked if he did not wish to
have his parents informed and an at-
torney engaged, he said he would
rather his parents knew nothing of
his disgrace.
The young man had been taken
into custody about a year or two ago
after stealing an overcoat in a local
hotel, but he settled with the owner
by giving him back his coat and \$50.
Boman was arraigned in municipal
court Monday morning and sentenced
by Judge A. M. Spencer.

Justice Urges People To Support Officials

The satisfaction of everybody because
he said that was impossible, but that
each had sworn to discharge them to
the best of his ability.
"That is all that we who elected
them can expect," he said. There is
a growing lack of reverence for con-
stituted authority, and the chief
justice, and he suggested that it
would be a good policy if the people
could be compelled to taken an oath
to support public officials in the dis-
charge of their duties.
The inaugural ceremonies were ex-
tremely simple. There was a small
crowd of spectators including repre-
sentatives of the state departments,
relatives and friends of the officials
and visitors.
Reappointment of Frank W. Kushi,
private secretary, the appointment of
Miss Mabel E. Griswold as executive
clerk and reappointment of other em-
ployees of the governor's office was
announced Monday by Governor
Blaine.

BERNARD GRANT

Chicago — Bernard Grant has an-
other "date" with the hangman.
The boy from "back of the yards,"
whose life was spared temporarily by
Governor Len Small last October fol-
lowing a flood of appeals from all over
the country, is scheduled to die on the
gallows in Cook county jail the morn-
ing of Jan. 16.
Only executive clemency can save
him. The state supreme court has
denied his plea for a new trial.
Grant, 22, was arrested when he
was 19 for the murder of a policeman
in two years his hair has turned en-
tirely gray.
On his last "date" public sentiment
saved him. Five thousand messages
to the governor said it would be in-
consistent to carry out the death
penalty in Grant's case in view of the
Loeb-Leonard decision.
Grant has given up all hope of an
other reprieve.
"I guess the jig's up this time," he
says. "I'm innocent but the courts
won't believe it."
Relatives and friends, however, are
preparing a new appeal to the gover-
nor.

NOTED DANCER IS VISITED BY STORK

Irene Castle McLaughlin Is
Mother of Seven-pound
Daughter

Chicago — Mrs. Irene Castle Mc-
Laughlin, wife of Major McLaughlin
and famous dancer Sunday was the
mother of a seven pound daughter,
born in a local hospital.
Mrs. McLaughlin had announced
she would give up her stage career
and become a housewife when she
married Thanksgiving eve, 1923. Sat-
urday night she attended a perform-
ance in a local theatre. The Mc-
Laughlins spent their honeymoon in
the Orient. The husband, the taird of
the dancer is a wealthy sportsman
and society leader here. Mrs. Mc-
Laughlin's first husband, Vernon
Castle, was killed February, 1918,
while instructing American student
aviators at Fort Worth. He was an
officer of the Royal Flying Corps and
had been his wife's dancing partner.
The second husband was Capt. Rob-
ert E. Trieman, whom she divorced in
Paris shortly before her marriage to
Major McLaughlin.
Mrs. McLaughlin has been in
London since a trip abroad,
started in August and ended three
weeks ago.

DRUNK SAYS HE WAS ROBBED OF BIG SUM

An Iowa resident was found lying
on the Appleton-Little Chute road
near the Kimberly bridge about midnight
Saturday and declared that he had
been robbed of about \$175. He was in
an intoxicated condition when found
and could give no account of what had
happened.
He was taken to Kimberly, as that
was the nearest town, and turned
over to R. W. Casner, village mar-
shal. After spending the night in jail
he could throw no further light
on his adventure. He said, in fact,
that he could remember nothing
since the time he was drinking in an
Appleton saloon, but he knew he had
had \$175 on his person at that time.
The man was allowed to go home.

Washington Officials Refuse to Comment on Suggestions from Minister

HOPE FOR BASIS OF ACTION

Memorandum Is Understood to Contain Provision for Moratorium

By Associated Press
Washington, D. C.—The French
memorandum regarding payment of
France's war debt to the United
States was transmitted Monday by
Secretary Hughes to Secretary Mel-
lon for his "personal and private in-
formation."
Inasmuch as the document was
presented by M. Clementel, French
finance minister, to Ambassador Hel-
lock as an unofficial and private com-
munication state department officials
would make no comment on the sug-
gestions embodied in it. They did say,
however, that "it was hoped the
Clementel memorandum might be
made the basis for a follow up."
The memorandum is understood to
contain references to a settlement
plan including a moratorium, with
payment over a period of 80 years
from the time the moratorium ex-
pires, and interest payments during
the moratorium period at a rate of
one half of one per cent.
Mr. Mellon becomes heir to this
much discussed document by virtue
of his position as head of the debt
funding commission, authorized by
congress to receive and act upon all
offers of settlement by debt orations.
He is expected to lay the French
suggestions before the commission
within a few days.
RECEIVED SUNDAY NIGHT
The document was received at the
state department Sunday night. It
only has been there for comment in
appraisal of the memorandum as of-
fering a possible ground from which
the settlement which the French war
debt to the United States might be
formally approached, but no commit-
ment in any degree was looked for
pending its consideration by the
American debt funding authority.
Administration authorities here
hoped the suggestions would be found
to hold satisfactory elements to justify
opening formal discussions.

Coolidge Still Vice President, Former Secretary Asserts

Question of President's Status May Have Important Bear- ing on Political Future, Is Be- lieved

BY DAVID LAWRENCE
Copyright 1925, by The Post Pub. Co.
Washington, D. C.—If Calvin Cool-
idge still vice president or rather
acting president?
Leslie M. Shaw, former secretary
of the treasury, has raised this point
because he thinks it will have an
important bearing on whether Mr.
Coolidge may expect to succeed
himself for another presidential term
after 1928.
The constitution says that in case
of the removal or death or resigna-
tion of the president or "inability to
discharge the duties of his office, the
same shall devolve upon the vice
president, and the congress may by
law provide for the case if the re-
moval, death, resignation or inability
of both the president and vice presi-
dent, and such officer shall act as
provisionally until the disability be
removed or a president shall be elect-
ed."
MUST BE ELECTED
Mr. Shaw declares under the con-
stitution the death of a president
"causes a vacancy in that office that
can be filled only by election."
Others, he says, may be charged
with the responsibility of the of-
fice, becoming acting president, and
as in the present instance, he de-
clares, the responsibility of the of-
fice to president, but no one can be
de jure president except by election for
in America there is no succession."
This view would permit Mr. Cool-
idge to enjoy a second full term as
president counting his service from
August 1923 to March 4 next as a
period in which he is simply "acting
president" but actually still vice
president.
So far as the law is concerned there
is as much ground for Mr. Shaw's
view as any other though custom and
precedent have given the American
people the impression that when a
vice president succeeds to the duties
of the presidency he actually becomes
president.
He draws the analogy of the
chief executive exactly as if he
had been elected.
Mr. Coolidge himself has given little
thought to the matter feeling that
his immediate duty is to "make good"
on the term for which he has been
elected and that the future will take
care of itself.

FIRST WOMAN GOVERNOR IS NOW IN OFFICE

Widow of Former Wyoming Ex- ecutive Has Quiet Inaug- ural Ceremony

Cheyenne, Wyo.—Dedicating her
efforts to the state and relying up-
on divine help for strength and
guidance, Mrs. Nellie Taylor Ross at
noon Monday was sworn into office
as governor of Wyoming and became
the first woman executive of any
commonwealth in the United States.
In an atmosphere hushed and
reverent to the memory of the new
governor's late husband, Governor
William B. Ross, chief Justice Pot-
ter of the Wyoming supreme court
quietly administered the oath of of-
fice.
The ceremony opened with an in-
vocation by Bishop St. Thomas of
Protestant Episcopal diocese of
Wyoming. An audience that taxed
the capacity of the senate chamber
was strangely silent and undemoi-
strative as Mrs. Ross spoke. There
was an occasional furtive tear and
choked sobs from those who recalled
the tragic circumstances that re-
sulted in Mrs. Ross' elevation to the
office. Mrs. Ross' address was pre-
ceded by a short speech by Acting
Governor Lusk.
The first woman governor's state-
ment was short and simple, entirely
in keeping with the atmosphere of
the ceremonies, as was the widow's
attire that she wore as she was
escorted into the chamber by state
officials and close personal friends.

Lowden Urges Farmers To Close Organization

By Associated Press
Washington, D. C.—"Closer organ-
ization of agriculture is a promise
of at least cost of production to the
farmer," was preached by Frank O.
Lowden, former governor of Illinois
and himself a farmer, before the
meeting of the National Council of
Cooperative Associations here Mon-
day.
Indiscriminate marketing without
thought of requirements and at
whatever price offered, and at
unpolitic control, the two methods
open which are commonly believed
instead he asserted, the farmer must
retain control of the price of his pro-
ducts until they reach the consumer.
To accomplish this, Mr. Lowden
offered the organization plans to
increase the "bargaining power" of
the farmers, adding:
"These forces of society represent-
ing the purchasers of farm products,
in the main have become highly or-
ganized, while the farmers have
made less progress in that direction
than any other large body of our
citizenship. They are therefore at a
tremendous disadvantage."
Citing recent instances in which
proper organization for marketing
would have benefited the farmer,
Mr. Lowden said:
"It is safe to say that the larger
part of your bumper crop of corn
of 1923 was sold at a price which did
not cover cost of production. If
corn growers had been organized and
found that the market would not re-
ceive their corn at what it cost them
to produce it, they would not have
dumped the larger part of the crop
upon the market in a few brief
months. They would have sold grad-
ually. They would have known the
season, knowing full well that seasons
of bountiful production are always
followed by seasons of low produc-
tion and that at no distant day they
would receive a fair price for their
corn."

FINANCE VALLEY SCOUTING WITH BIG STAGE PLAY

"Passing Show of 1925" Will
Be Given in Appleton and
Kaukauna

"The Passing Show of 1925" is the title selected for the big stage production which will be produced by Appleton and Kaukauna Boy Scout districts at Appleton and Kaukauna on Jan. 19, 20, 21 and 22 to raise funds with which to finance Boy Scout work in Appleton, Kimberly, Little Chute and Kaukauna for 1925. Rehearsals have been started under the direction of Mr. and Mrs. J. F. Bannister, who will produce the production.

More than 100 people will be given parts in the cast. The actors will be selected from the four towns and it is planned to stage the most magnificent home talent production ever seen here.

The original plan was to include Neenah and Menasha people in the cast and present the play in Neenah for two nights but a conflict with the production of Neenah and Menasha Elks made it necessary to change the plan and the production will be given only in Appleton and Kaukauna.

One of the big features of the production will be a ballet of 70 girls, now being drilled. This will be a colorful act and will be one of the biggest ever seen here.

Other big features of "The Passing Show of 1925" are "Auld Lang Syne," and eighteenth century play; "Rosita Marchetta," a Spanish love play and "The Armistice," featuring General U. S. Grant and General Robert E. Lee.

Special music, scenery and lighting effects will be provided.

\$72,941 STATE AID FOR COUNTY SCHOOLS

Miss Marie Ziegenhagen, county treasurer, has received the county's share of the state's annual apportionment for public schools. Appleton's share this year is \$23,590.40, which is a slight increase over that received last year. The apportionment for the entire county is \$72,941. The awards are made on the basis of the school census, \$3.80 being allowed for each child of school age. The school census of Appleton showed 6,208 children between 4 and 20 years of age. There were 19,195 children of school age in the county.

The apportionment for all schools in the state amounts to \$3,253,034 this year. Of the state's total of \$3,253,034 to be apportioned, \$813,662 was withheld for state aid. Brown County receives \$73,561 for 20,592 children; Winnebago receives \$74,565 for 19,631 children; and Manitowish receives \$65,584 for 17,246 children.

GOOD FELLOWS GAVE \$2,374.75 TO POOR

Appleton Good Fellows subscribed \$2,374.75 to take care of the poor and needy of this city in the campaign which ended Dec. 26, according to the last report of Dr. M. W. Small, treasurer of Appleton Welfare council. Some solicitors still have to report and it is expected the total sum will exceed \$2,400.

The Welfare council, at a recent meeting, distributed \$6 2/3 per cent of the sum raised, amounting to \$1,553, to the five cooperating relief societies. Each society shared in the fund in proportion to the work which it is doing. The remainder of the money will be distributed to the societies on Sept. 1. Every cent of the money provided by the Good Fellows is used to provide for the poor.

POSTOFFICE PUTS FRAUD ORDERS ON SWINDLER SCHEME

Appleton People Have Been Victimized by Mail Order Schemers

Fraud orders are being issued against a number of American and Canadian firms that are fleeing people in the mail order business. The victims include quite a number of residents in Appleton, according to a statement at the Appleton post-office.

The fraud is practiced on those who answer advertisements for help on work that can be done at home. Usually the firm will send a quantity of work, such as crocheting, embroidery, painting, etc., upon receipt of a certain amount of money considerably more than the value of the material sent.

The money is said to cover the cost of the outfit for doing the work that is bought up by the firms. When a quantity of towels, pillow slips, handkerchiefs, etc., are sent to the worker, the fancy work done upon them must meet the approval of the firm, otherwise no pay will be offered. Investigation by postal inspectors has revealed that very few persons ever receive any compensation, but that their work is refused. The firm then informs the workers they may have the material at cost. It is impossible to prosecute the firms since they are keeping just within the law. All the department can do is to issue fraud orders against them and order all their mail destroyed. The firms immediately resume business under a new name and thus keep a few jumps ahead of the postal department.

DON'T ACCEPT PARCELS

Caution also is urged in accepting insured mail that has not been ordered. Previously firms sent out C. O. D. material for sale without an order from the recipient and then demanded payment. This has been abolished by the department.

A new questionable practice of fake mail order houses is to send merchandise on approval by insured mail. Instructions are given the recipient that they will be allowed to use the goods for a given period and if the goods do not satisfy they may be returned. Payment is demanded if the goods are not returned on time. Frequently the swindlers pretend that the merchandise was never received. For that reason, persons who accept this kind of mail are advised to return the matter by insured mail, as this means leaves no room for the excuse that the mail was lost.

CIRCULARS SHOW HOW TO USE FLAG

Display of the American flag in Appleton perhaps will be more correct and more uniform after circulars which have been obtained by Onoy Johnston post of the American legion are distributed to business houses. These will be mailed by the chamber of commerce when its next monthly bulletin is sent out.

The circulars were obtained from the national legion headquarters after merchants here had requested advice from the veterans' organization on patriotic decorating questions.

Rules adopted by the national flag conference sometime ago are embodied in the circulars. They describe the different ways of displaying the flag and illustrate each with a picture showing just how the decorations should look. Rules as to flag etiquette and show of national patriotism also are given and a history of the flag is included.

Business houses will be given two copies of the circulars and will be requested to mount them on a large card. Two were sent so that both sides of the sheet could be exhibited when mounted.

NUMBERS WON'T BE AVAILABLE UNTIL MIDDLE OF WEEK

Engineering Department Hurries to Complete New Numbering Records

Inability to complete the preliminary work on the new house numbering system has again delayed the issuance of the house numbers. New numbers were to be given out Friday, but it is now announced that the numbers will not be available until the middle of this week.

To simplify the work of distributing the new numbers alphabetical and classified lists have been prepared for distribution among Appleton merchants who sell house numbers. Thus property owners who wish to buy number plates can learn what their new number is by consulting the list at their dealer. The same lists will be available in the office of the engineering department in the city hall.

Three different lists will be available. One will be a classified directory of streets, intersections and properties in numerical order. Another list will contain the names of property owners in alphabetical order. Both lists will contain the old and new numbers. Later a corrected list will be printed and will contain in alphabetical order the names of the occupants instead of the property owners. This list will not be ready until the latter part of January or the first part of February.

The lists are being published by the Meyer Press who employed men to compile the information from city records. The work was done evenings and took more than a month to complete.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

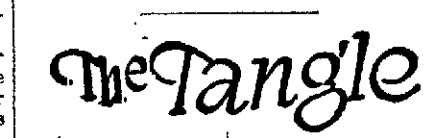

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 50c.

LETTER FROM BEATRICE GRIM-SHAW SUMMERS TO LESLIE FRESKOTT

Dearest Leslie: It almost seems wicked and unrighteous for me to be so happy.

Leslie, my husband, Dick, is the sweetest, dearest person in all the world.

I have just read over the two sentences I have written above, and I think I blushed. Anyway, I've gotten a nice warm feeling as though the blood had welled up from my heart to my brain a little faster than it has ever done in my heart before.

This doesn't sound like the old sensible Bee, does it? Well, I'm not the old sensible Bee, I'm just a blissfully happy woman who has married the man she loves devotedly and found in him all the thoughtfulness and love she has expected.

Today I'm thinking of all the other blissful brides, and hoping they are all as happy as I am. Yet, like all lovers, Dick and I have told each other many times since our marriage that no one in all the world could ever have been as happy as we are.

I was awfully sorry you could not be at my wedding. It seems a little ungrateful to be writing this paean of joy to you when you are at your father's bedside fighting against the grim spectre. But oh, Leslie, I wanted to tell you all my happiness, for I remember when you were married, and you wrote me how happy you were, I could hardly imagine that what you said could be true.

We arrived in Chicago yesterday evening, and although I have been here many times, even the smoky old buildings and the more or less dirty streets seem glorified to me. This morning Dick informed me he was going to be very busy with some moving picture magnates all day, and that Miss Perrier and I would have to amuse ourselves. I called up her room and asked her what she wanted to do. She answered in a voice that was full of either sadness or sleep. I could not decide which, that she would like to go shopping. When she said that I concluded it was sleep.

We started in about an hour. I expect that you, my dear, being a girl who has always known wealth and luxury, know what it is to go into a gorgeous shop where everything is found that a woman can possibly want to wear, and know that you can buy anything you want. I have never known this in reality. I have had dreams of such a wonderful experience, but I never expected to be able to do it myself or be with anyone on a shopping expedition who could buy upon impulse and be sure of not regretting it.

Paula Perrier shopped today with an enjoyable abandon that was astonishing. I never in my wildest dreams did I think of a woman buying stockings at \$30 a pair. Never did I think of paying \$50 for rhinestone shoe buckles to go on a \$25 pair of pumps.

Hats, coats, sport suits, lingerie, evening clothes—Miss Perrier bought until I felt called upon to ask her if she had purchased nothing in New York.

"Lots of things," she answered with a laugh. "I expect I have a dozen trunks in the baggage car."

Then she grew serious for a moment.

"You, of course, know," she confessed, "that I have only had money enough to be extravagant for a short time, and I go on a mad orgy when I get among such beautiful clothes as they have here."

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Luster at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store at bottle of "Weych's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one strand at a time. By morning the gray hair disappears after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

INDIANS HAVE NOT GIVEN UP FAITH IN BATTLE FOR LAND

Leaders Denounce Rumors of Irregularities in Collection of Funds

Kaukauna—Branding as false the rumors that there are irregularities in connection with the collection of money among Wisconsin Indians by legal counsel for the purpose of carrying on a fight to regain possession of eastern lands said to have been illegally obtained from their ancestors, Charles E. Tousey, 704 E. Ninth-st., declared Saturday that he has faith in those in charge of the campaign and he will continue subscribing to the fund.

Mr. Tousey states a large number of Indians have enrolled in the fight. As in many other matters of such magnitude some of those involved have indicated their magnanimity. Mr. Tousey said.

The claim is that Wisconsin Indians are in danger of falling into a gigantic failure and that they will lose thousands of dollars. Mr. Tousey said there can be no basis for the suspicion that those who have obtained money cannot account for it. He feels confident that with the proceedings in the hands of those who have them in charge at present there is a strong chance of winning through the courts.

Mr. Tousey received a letter recently in which it was stated that unless certain people ceased spreading rumors some of those who leading in the fight will drop the matter entirely rather than run the risk of being looked upon as crooked.

Meetings of the Stockbridge and Brodhead Indians have been held recently and all have voted their unanimous support toward the cause. Mr. Tousey says plans are under way to call a meeting of the Kaukauna Indians to determine their sentiment.

IF RHEUMATIC EAT NO SWEETS

Says glass of Salts helps to overcome Rheumatism acid.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine.

The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about 200 ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often inducing blood of rheumatic poison.

Jad Salts is inexpensive, and made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

U. S. COOPERATION WITH RIPARIANS REDUCED FLOODS

Tripp Pleased With Government
Efforts to Prevent High
Water Losses

For the first time in half a century, complete cooperation with the riparian owners was accorded by the United States government, as represented by the engineers office at Milwaukee, during 1924. Alan H. Tripp, president of the Association for Relief of High Water, said at the annual meeting of the organization in Oshkosh, Mr. Tripp said there had been an apparent earnest effort on the part of the engineers to keep the water down to the 15 inch maximum, provided for by a written agreement. The water did reach a height in excess of the 15-inch maximum on two occasions, but that was due to excessive rains and the sluice gates were opened just as soon as there appeared to be any danger of flood. Gates were opened when the water was less than a foot above the crest of Menasha dam. On one occasion when it became necessary to close the gates to float a barge caught on a reef, the association was officially notified by the engineers office.

The only criticism, Mr. Tripp said, that was really warranted, was that the opening of navigation last year before the ice had gone from the lake. This matter, however, has been taken up with the war department, and he believed it would not be repeated, except in an emergency to permit coal to be moved from Green Bay to Appleton before the ice is out of Lake Winnebago.

LITTLE FLOOD DAMAGE

It was the general impression at the meeting that less damage had been done by floods last year than previously, in spite of excessive rains. Two exceptions were the lower river, between Menasha and Appleton, which suffered because the channel was not deep enough to carry off the surplus water, although \$50,000 has been expended by the government to provide facilities for carrying off the water.

On the upper reaches, above Lake Poygan, the operation of sluices had little effect. It was urged that there could be little relief for up river points until the Shiocton cutoff is provided to take care of surplus water before it reaches Lake Winnebago.

The agreement with the government was ratified for another year and the same committee, consisting of Alan H. Tripp, George H. Randall and George E. Williams, was named to carry it out, with power to reduce the maximum from 15-inches, if such concession could be secured.

Y. M. C. A. association of 40 foreign countries are represented in the group of pictures of Y. M. C. A. buildings and now on display in the men's lobby of Appleton Y. M. C. A. The display contains more than 150 pictures. Every rate in this country is represented in the group and foreign countries as far away as the Orient have responded to the requests for pictures sent out by C. L. Boynton, activities secretary. Many of the buildings are fine, expensive structures surrounded by large and well-kept lawns. This is especially true in the south. The pictures are a part of the foreign work program sponsored by the international committee of the Y. M. C. A.

PERCY MARMONT AND DORIS KENYON SCORE HIT IN "IDLE TONGUES"

There is a romance about a small town, its characters, gossip and daily doings that only those who have lived in one can fully appreciate. This atmosphere has been transported to the screen in an effective way in Thomas H. Ince's "Idle Tongues," from the novel "Doctor Nye," the new First National release which opened today at the Elite Theater.

The photoplay was adapted from the novel of Joseph C. Lincoln by C. Gardner Sullivan. Lincoln painted a word picture of the little town of Ostabla, Mass., in his novel. Sullivan and Lambert Hillier, who directed the picture, have transported this picture to the screen in "Idle Tongues," and Percy Marmont, Doris Kenyon and all others of the cast have caused the quaint characters of New England to step out of the book and onto the silver screen before your eyes.

You see lovable Doctor Nye, just as you imagine him in the book. There is winsome Katherine Minot, his sweetheart; pompous Judge Copeland; funny old Henry Ward Beecher Faxon who likes his little girl, Althea Bennis, the village gossip; Bluey Batchelder, the village bootlegger, and all the other interesting types of the Cape Cod country.

Their problems, trials and their fun, too, make up this story of sacrifices and love; hatred and revenge; and the struggle of a disgraced village doctor to "come back" in the eyes of his fellow citizens. Claude Gillingwater, famous for his "grouch" characterizations, heads the supporting cast which includes David Torrence, Vivian Ogden, Mal-

colm McGregor, Lucille Rickson, Ruby Lafayette, Dan Mason and Mark Hamilton. "Idle Tongues" is entertaining and interesting throughout and is a worthwhile story, well told. It is another screen success to the credit of Thomas H. Ince.

A POWERFUL PHOTODRAMA WITH A SOUL

"Souls in Bondage" which comes to the New Bijou Monday and Tuesday is a picture with an appeal that reaches to almost universal following, being based upon an "ideal" that is at this moment pulsating around the world, The Power of Faith.

It is a dramatic story based upon actual happenings in the life of a living character well known in the vicinity of Los Angeles, who has been called a "Faith Healer", yet who claims no fame or gain for those he has helped.

It shows the regeneration of a celebrated gang of crooks that piled their nefarious larcenies upon the citizens of Los Angeles. Anthony Farnese was the brains and guiding genius and from their cleverly concealed den in the warehouse district directed their energies.

POLA NEGRI COMING IN "FORBIDDEN PARADISE"

Pola Negri's latest production for "Paramount," "Forbidden Paradise," directed by Ernst Lubitsch who made "Passion" and "The Marriage Circle," and featuring Rod La Roque, Adolphe Menjou and Pauline Starke in the principal supporting roles, opens a 3 days' run today at the Appleton theatre.

The picture is an adaptation by Agnes Christine Johnson and Hans Kraly of the popular stage success, "The Czarina," by Lajos Biro and Monyvert Lengyel and marks the first professional reunion of star and producer since those memorable post-war days in continental Europe. "Forbidden Paradise" is one of the most colorful and dramatic films which that famous pair have yet produced. Adding to their experience and their mastery of technique during the two years which have elapsed since they separated in Europe, both Pola and Lubitsch brought to the filming of "Forbidden Paradise" a strength and deftness unknown in their European days—Result: Screen entertainment of the highest order.

In the story Pola is the queen of a small Balkan principality, a masterful and efficient sovereign who meets

Elmer Johnston Quits Fight Game When Jan. 1 Card Fails To Go Over

Appleton Promoter Gives Up In Disgust, Announcing With- drawal After Kane-Azzarella Fight

Elmer Johnston, Appleton fight promoter and owner of the Milwaukee boxing club franchise, is through with the fight game, according to an announcement made after the New Year's day card in Armory G. here. Although he brought two of the best fighters in the middle west here for the headline, the gate receipts were not large enough to pay the bills, and he has decided to quit the business. To cap it all, on the evening before the card was to be staged, Dick Boya, who had signed his contract, and posted a forfeit to meet Young Shaw of Fond du Lac in the semi, demanded that his pay be doubled. Naturally Johnston refused, and Boya declared he would not appear on the card, necessitating a last-minute search for a boy in Shaw's class. On the morning of the date set for the card, Johnston still was looking for a fighter, and finally, a few hours before the fight was to start, he located Jack Lane of Oshkosh and brought him here at greatly augmented cost.

Boya's act places him outside the pale in this state and lost him his forfeit. But the forfeit amounts to but \$5, and the promoter is out the added expense and the grief of seeking a man to replace him. According to Johnston, Boya was fully aware of the consequences of his act, but said he didn't care if he were barred from the ring for the rest of his life.

MILWAUKEE IN SAME FIX

Milwaukee also reported a loss of at least \$1,000 on a card staged the same day, which makes it appear the fight game is on the wane. In view of Johnston's recent establishment of a gymnasium in the flats, the break-down here is particularly unfortunate. At considerable expense to himself, Johnston rented a building in the flats to furnish a place in which fighters from Appleton and neighboring cities might get together and train. He planned to equip the place with the movement as it is done in Milwaukee, Chicago and most of the other larger cities in the country. It would be necessary to organize the movement well before applying for an amateur license, but once started, the fights, unimportant in themselves perhaps, would arouse enough interest in the game itself to assure large and paying crowds at the monthly professional bouts.

With a large and growing class of boxers at Lawrence and several high school youngsters developing rapidly, it seems probable that this plan might be worked out successfully. The college men no doubt will find it difficult to arrange intercollegiate matches, and an amateur club here would give them an opportunity to show the public what they have learned.

Johnston failed to make any further statements on the occasion of his announcement. His franchise, it is said, runs out this month, and his statement is taken as an indication that he will make no attempt to renew it. Whether anyone else will apply for it is uncertain, although it is rumored that a group of Appleton businessmen are planning to take it over if Johnston quits.

BOOST AMATEUR FIGHTS

Several fans have been talking of establishing an amateur club in this city, with one or two fights a week. This, they say, would develop local talent and give the fans a chance to keep up their interest. The expense would not be great, they argue, and local clubs might be glad to get back of the movement as it is done in Milwaukee, Chicago and most of the other larger cities in the country. It would be necessary to organize the movement well before applying for an amateur license, but once started, the fights, unimportant in themselves perhaps, would arouse enough interest in the game itself to assure large and paying crowds at the monthly professional bouts.

BESSLER AND RUEL ARE BEST LEAGUE CATCHERS

Johnny Bessler of Detroit and Mud-dy Ruel of Washington are regarded as the two most valuable catchers in the American League. Each has an entirely different style. Ruel is flashy with plenty of "pop." Bessler is easy going, methodical, yet both got results.

Wally Schang, Yank, Catcher Bans Spitball

New York—Wally Schang, star catcher of the New York Yankees, cannot catch spitball pitchers. That explains why Miller Huggins refused to waive on the veteran Steve O'Neill, thereby keeping him from slipping to the minors.

When the Yankees secured Shocker, the possessor of a most deceptive spitball, the club lacked a receiver to catch him. O'Neill was the answer. For years when with Cleveland, O'Neill caught Stanley Coveleskie, one of the hardest of spitballers to receive, so he is well qualified to handle Shocker's most delivery.

Entries Close on Jan. 8 With Prospects of Breaking All Records

Milwaukee—The closing of entries for the State Bowling Tournament to be held at Fond du Lac is just around the corner as the curtain will swing down at midnight on Thursday, Jan. 8, and from the actual entries that are now on the books the tournament is to be a decided success as the entry outside of the tournament will run about 75 to 100 teams head of the entry last year at Janesville from outside teams.

Milwaukee will lead with over 300 teams, and other state cities will enter from two to fifty teams which will make the state tournament one that will go down in history as the greatest state tournament ever held.

The tournament city is working hard and will reach the 600 team mark, and if they do, with the 700 teams from outside of Fond du Lac the tournament will be a hummer that will create plenty of talk and enthusiasm throughout the breadth of the bowling world.

Teams from the state should rush their entries to the Milwaukee headquarters at 175 Second-st. to insure the holding of reservations that have been made previously, or the reservation teams who are clamoring for choice dates that have been booked up but not filled so far with actual entries.

Everything is set for the bowlers to break records and without a doubt the present state champions in all events will be dethroned in the Fond du Lac meet.

The Lunch Alleys of Green Bay with 2,000 are the five men event champions. Gossett and Lenzner of Menasha with 1,268 are the two men champions. Al. Liebscher with 709 is the individual champion and the latter also holds the state all event championship with 1,921 pins for nine games.

Many cracking good dates are still open and the state bowlers should take immediate action to secure a section through the office of the secretary in order to get placed for the greatest bowling show ever held in the middle west.

SYDNEY SHANNON TOPS Y. M. C. A. PIN SCORES

Topping all previous records for this season, Sydney Shannon last week crashed through the maples for a high score of 252, thereby clinching his place in the "200" club of the Y. M. C. A. He has been among the leaders consistently, but has not yet hit his regular stride and may be expected to reach a higher mark later in the season.

Twelve Costly Prizes Provided For Winners Of Skating Tournament

Eleven Gold Medals and Large Silver Loving Cup Await Speedsters in Valley Races

Eleven gold medals and a large silver loving cup are the prizes offered for the third annual Post-Crescent skating tournament, scheduled for Jan. 18 at Jones park here. In addition winners will have a definite claim on the championships of the Fox river valley in their classes. With these honors and the medals at stake, competition is expected to be keen in every division.

Winners of first place in each of the eleven events will take the gold medals. In addition a scoring system will decide who gets the silver loving cup. This will apply only to the three races in the senior men's division. The man who takes first place in each case will have five points to his credit. Second place means three points and third one point. After the men's division has run off all its events, scores will be totaled and the highest man gets the cup.

TWENTY-THREE RACES

Two races are scheduled in each division, excepting in the senior men's in which there are three. This makes a total of 23 races. Skaters are eligible for entry only in the events for which their age qualifies them. The age limits are marked clearly on the application blank which appears daily on this page and should be observed carefully before filling in the blank. Rules of the Western Skating association will govern all races.

The Post-Crescent tournament is the greatest sporting event of the winter in the entire Fox River valley. It is the aim of the promoters this year to break all previous entry records and it is possible to reach the 100 mark. However, with applications coming in very slowly, it looks as though the rush would come during the last few days. This will cause great inconvenience in making final arrangements, and therefore all those who contemplate to compete in those who plan to compete are urged to clip the blank, fill it in and mail or bring it to the editorial offices of the Post-Crescent as soon as possible.

Hollywood, Fla. — Gene Sarazen again lowered the 18-hole course record at Hollywood by scoring 67. He made a record 68 Christmas.

on the floor and carry out a definite play from these "set" positions. Just as No. 1, who is out of bounds, sets his hands on the ball, No. 2 and No. 3 pivot outward toward sidelines and then cut back toward the basket.

At the same time No. 2 and No. 3 start. No. 5 cuts diagonally across ahead of No. 4, then back on defense. No. 4 holds his position and, starting out just a little later than No. 2, 3 or 5, cuts in for the pass from No. 1, as indicated in the diagram. Oftentimes this play opens up a lane directly to the basket, so that No. 4 can dribble way into basket for a short shot. If this is not possible he can shoot from 15 feet out and let No. 2, No. 3 and No. 1 "follow in" his shot.

This play, and others of a similar nature, are very effective when carried out with speed and precision.

WALKER, M'TIGUE FEATURE EASTERN BOXING SCHEDULE

Mike Will Have Big Weight Ad- vantage in Champion- ship Battle

New York—Mickey Walker, of Elizabeth, N. J., world's welterweight champion, and Mike McTigue, of Ireland, world's light-heavyweight champion, will furnish the excitement in the main event of this week's pugilistic program when they meet in a Newark, N. J., ring on Wednesday night in a twelve round no-decision match.

This match will be unique in that it will be the first time a champion has stepped up two classes to meet another champion. Although Walker will enter the ring lighter than McTigue, there will not be any great difference in their weight. Walker will scale over the 150 mark, while McTigue will likely weight between 160 and 165.

Boxing history reveals that Stanley Ketchel, when he was the terror of the world's middleweights, fought Jack Johnson, when the Negro was the world's heavyweight champion. And Joe Walcott, when he was world's welterweight champion, fought several heavyweights, among them Joe Choynski.

Several other good matches are scheduled for the coming week. Johnny Leonard of Allentown, Pa., will meet Frankie Ritchie of New York here on Monday night. In Brooklyn on Monday night three ten rounders will head a program of matches involving Joey Silvers of New York and Cuddy De Marco of Pittsburgh and George Lavigne of Brooklyn and Paddy Ryan of Pittsburgh.

Eddie (Cannonball) Martin of Brooklyn, who recently ascended to the world's bantamweight throne by out-pointing Abe Goldstein, former champion, will risk his title in a six round match in Brooklyn Wednesday night when he meets Augie Pisano, a local bantam.

Lightweights will meet at Madison square garden Friday night when Tommy O'Brien of Milwaukee faces Jack Bernstein of Yonkers, N. Y., former world's junior lightweight champion, in a ten round match.

MR. W. HOPPE

TENNYSON'S brook, Peter Pan, Abie's Irish Rose, the Smith Brothers' whiskers and Willie Hoppe go on forever.

Hoppe started winning billiard championships as a boy wonder and is still winning 'em in his second childhood.

He's harder to stop than bad news and twice as annoying to young gents with designs on his form-fitting neck.

A feathery touch lighter than a flapper's brain, and a knowledge of angles that would embarrass the guy who laid out Boston, comprise the Hoppe formula.

The gift of genius! You see it in Ruth taking his cue, Fenwick in the dance, Dempsey landing his right, Corot at the easel and Hoppe with the cue.

It is a legend in golf that Vardon played two whole years without making a bad shot...How frightfully erate this strikes you, pondering Hoppe's amazing consistency.

The difference between Hoppe and his rivals is the difference between Paddock and Nurm...Where Hoppe enjoys long runs the others must be content with mere aprints.

To the snappy phrase-makers he is King of the Cue and Monarch of the Masse, but to the poor saps who have to battle him he's just plain poison.

One Kind Of Signs Few People Believe In

You have frequently heard the remark passed, "No I don't believe in signs."

But you would hear the same remark much more frequently if the "signs" referred to, cards in the windows of homes offering rooms for rent.

Seeing the moon over your right shoulder is just about as good a sign that you will rent your vacant rooms—as a window card is.

People who pass up and down your street are dozens. People who read the A-B-C Classified Section of the Post-Crescent are thousands.

The real way to rent rooms, apartments or houses is to let a classified ad tell EVERYBODY in and around Appleton about them.

Call 543 and ask for an ad-taker—now—if you wish to rent immediately!

SEYMOUR LAWYER SUES FOR \$4,573 TO PAY FOR WORK

E. C. Smith Declares Nichols
Land Co. Broke Contract
and Refuses to Pay

A judgment for \$4,573.04 is asked for attorney's and real estate broker's services by Attorney Ellsworth C. Smith in a suit against the Nichols Land Co. which started in municipal court Monday.

The plaintiff who is represented by Ryan & Cary of Appleton bases his suit upon an alleged breach of contract in which he was engaged to sell all the unsold part of the plat of Nichols. The property was sold to J. A. Burrichter for \$56,675, and the commission due the plaintiff, according to the complaint, was \$8,000. Of this amount only \$1,235 has been paid, it is asserted. The plaintiff also demands \$304.04 as compensation for attorney's services rendered the company from June 27, 1922, to Dec. 31, 1923. The agreement was entered into on June 7, 1922, and the purchaser was procured on Nov. 6 of that year, it is stated.

In a counterclaim for \$181.92 the defendant, represented by Morgan & Johnson of Appleton, maintains that the plaintiff was overpaid by that amount. It is also contended that the agreement made with Mr. Smith two years ago is void for the reason that it was made between him and A. L. Nichols, president of the company, without the knowledge or consent of the stockholders or board of directors. The company had agreed to pay Mr. Smith expenses up to \$350, however, it was pointed out. This amount, as well as \$808.94 for attorney charges, was paid the plaintiff. The defendant maintained further that the plaintiff had been paid \$115 for which no credit was given the defendant.

POULTRY MEN GET READY FOR SHOW

Final preparations for the annual show of the Fox River Valley Poultry and Pet Stock association will be made at a meeting of the association at the George Loos business shop on Appleton street at 7 o'clock Tuesday evening. Efforts are being made to have every member of the association present at the meeting.

ZION CHURCH PLANS EPIPHANY SERVICE

Special services will be held at 7:30 Wednesday evening in Zion Lutheran church to celebrate the festival of Epiphany. The Rev. G. Edward Kuhlmann of First English Lutheran church, Oshkosh, will preach a sermon on the gospel lesson of the Visitation of the East, followed by an address by the pastor, the Rev. Theodore Marth, Paris of the Christmas liturgy, consisting of the Christmas anthems and responsive singing, will be rendered by the choir and a children's chorus.

The festival of Epiphany (a Greek word meaning manifestation) was one of the most important in the ancient Christian church, and signifies the coming of the heathen to worship. For this reason, this festival is often called the Gentile Christmas.
